PROFESSIONAL EXPERIENCE

Full Stack Developer with over 3.5+ years of experience specializing in high-performance web applications using the Angular, Express.js, MongoDB and TypeScript. Expert in frontend frameworks and backend API development, with a proven ability to deliver production-ready code through cross-functional collaboration. Focused on writing clean, scalable code that significantly improves user and operational efficiency.

PROFESSIONAL EXPERIENCE

R.R. Donnelley, Chennai

March 2023 – Present

- **Architected** responsive UI components using Angular, achieving 95%+ cross-device compatibility across all screens.
- **Engineered** robust RESTful APIs with Node.js and Express.js, utilizing MongoDB for efficient data management and retrieval.
- **Optimized** application performance via lazy loading, code splitting, and database query optimization, resulting in a 35% reduction in load times.
- **Standardized** code quality by leading peer reviews and implementing testing strategies to minimize production bugs.
- **Orchestrated** stakeholder requirement gathering sessions to translate business objectives into high-precision technical specifications.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript
- **Frontend:** Angular 21, RxJS, HTML, CSS, SCSS, jQuery, GSAP
- **Backend:** Node.js, Express.js, APIs
- **Database:** MongoDB
- **AI Tools:** Google AI Studio, Gemini, AI Agents, Antigravity, Prompt Engineering
- **Dev Tools:** Git, GitHub, Jira, VS Code

EDUCATION

BCA in Cloud Technology and Information Security | BSA Crescent Institute of Science and Technology, Chennai | 2018–2021 | CGPA: 8.2

KEY PROJECTS

CMS (Content Management System)

- **Developed** a full-stack platform enabling multi-author collaboration for content creation, updates, and exporting.
- **Built** a dynamic UI with real-time validation and preview functionality, reducing content publishing time by 60%

TRACKER (Work Management System)

- **Spearheaded** the development of an employee productivity application featuring role-based access control (RBAC).
- **Implemented** real-time task status tracking, time logging, and project timeline management, improving tracking accuracy by 50%.

Landing Pages (B2B/B2C)

- **Produced** high-converting, responsive landing pages from initial design mockups to production.
- **Integrated** complex UI functionality and smooth animations using GSAP to enhance user experience.

AWARDS / CERTIFICATIONS

- **Google AI Professional & Essentials Certificates** : Comprehensive training in generative AI fundamentals, prompt engineering, data analysis, and workflow automation using Google's core AI tools.
- **Achiever of the Quarter Award**: Recognized for best performance (2024, 2026).
- **Rising Star of the Year Award**: Honored for outstanding work on the "Tracker" project (2025).
